#### **Características ampliadas**

Manual scissor lift table with wheels, capable of lifting up to 1000kg at a height of 1875 mm, allows working at a comfortable height.

The scissor of the table is the one that realizes the elevation through the pedal, its descent is safe and continuous thanks to the lever.

The chassis has 2 fixed wheels and two swivel polyurethane wheels, these wheels are adjustable and protected with brake for greater safety.

CE marking
