

Stacker 1000 kg a 1050 mm

ref. M104040005

Self-supporting stacker with 1000 kg load capacity and 1050 mm lift.

Designed to carry in vans and small trucks.

CE marked.

6 249,00 € tax excluded

Características principales

Peso (kg)	290
Ancho total (mm)	1000
Descripción	apilador
Capacidad (kg)	1000
Elevación uñas (mm)	1050
Altura mástil (mm)	1450
Motor (W)	12V / 800 W
Altura con mástil plegado (mm)	-

Características ampliadas

1000kg self-supporting stacker

Manual traction and electro-hydraulic lifting by means of a helm

Forks made of 3 mm sheet steel, minimum fork height of 85mm and width of 540mm.

Pivoting polyurethane wheel for perfect movement and ease of use inside vehicles.

Electric motor 12V - 800 W, battery 12V - 115 Ah

12V - 7Ah charger integrated in the machine.

It includes safety systems such as a load-limiting valve that does not allow the truck to lift more weight than specified by the manufacturer.

Non-return valve that prevents involuntary movements due to lack of fluid

20 A fuse prevents overload in the consumption of the lift circuit

Fuse 125 A prevents overload in motor circuit consumption

Own weight: 290kg
