Características ampliadas

Replenish the store while your customers are in it with this pallet truck designed to replace small pallets of up to 300kg load.

Its design allows a fluid, fast and silent movement that does not hinder the passage to its clients. This pallet truck is specially designed to be used in supermarkets, supply stores, food stores, etc ... where it has to be replaced in an open store without disturbing the customers that pass through it.

Its compact size and its little space to maneuver make it the perfect tool to supply your store, causing minimal noise and inconvenience for your customers.

It is ergonomic, easy to use and has great durability. Its soft wheels ensure a quiet and easy transport of goods, being the ideal companion for your employees.
