Normativa	CE

### Características ampliadas

2000kg hand pallet truck made of 100% AISI 304 stainless steel. The essential parts are stainless steel for long-lasting protection against corrosion and humidity.

The hydraulic pump is monobloc, has a safety valve and is completely waterproof and protected against possible collisions.

The pump seals are German-made, guaranteeing high quality and complete reliability.

It has a handle in 3 positions: elevation, neutral and descent.

Its descent speed is progressive or fast according to user demand.

All these qualities make this pallet truck a reliable and robust machine ideal for working in humid and corrosive environments.

### CHARACTERISTICS
