

Apilador Eléctrico 1500kg a 3500mm

ref. M102020097

lift and travel stacker, with a load capacity of 1500kg to 3500mm of lift.

Compact design stacker ideal for working in tight spaces, very easy to maneuver and intuitive.

It has CE marking.

3 990,00 € tax excluded

Características principales

Descripción	Apilador Eléctrico 1500kg
Ancho total (mm)	750
Altura (mm)	2380
Longitud (mm)	1890
Capacidad (kg)	1.500
Elevación total (mm)	1.600
Sistema elevador	Eléctrico
Sistema propulsor	Eléctrico
Batería (Ah)	2 x 12 V/120 Ah
Potencia motor elevador (kW)	24V/2.2Kw
Peso (kg)	420
Normativa	CE

Características ampliadas

Electric stacker with 1500kg load capacity and 3500mm lift. Ergonomic design to facilitate loading and unloading of material.

CHARACTERISTICS:

- Load capacity: 1500kg
- Lifting height: 3500mm
- Load center: 450mm
- Wheelbase (rear wheel / front wheel): 475 / 560mm
- (Driving / Steering / Bearing): $\Phi 80 \times 60$ mm
- Bearing wheel size: $\Phi 210 \times 70$ mm
- Driving wheel size: $\Phi 125 \times 30$ mm
- Max height lifting height: 570/690 mm
- Fork section (width x thickness): 150x60mm

- Travel speed (loaded / unloaded): 70 / 100mm / s
- Lifting speed (loaded / unloaded): 60 / 70mm / s
- Scalability (loaded / unloaded): 3.5 / 4%
- Motor: DC
- Traction motor: 24V / 0.65Kw
- Lifting motor: 24V / 2.2Kw
- Battery capacity: 2x12V / 120kg
- Charger: 24V / 12A
- Battery weight: 2x28kg
- Net weight: 620kg
- CE certificate
