Descripción	eléctrica-manual (hibrida) 1500kg
Capacidad (kg)	1500
Elevación total (mm)	200
Batería (Ah)	24V/20Ah
Longitud horquilla (mm)	1150
Horquillas (mm)	1150x540
Potencia motor tracción (W)	0,75kW
Potencia motor elevador (kW)	0,5kW
Normativa	CE

Características ampliadas

Hybrid compact pallet truck, ideal for trucking, with the dimensions of a manual pallet truck but with the strength of an electric pallet truck.

It is ideal to replace in warehouses, supermarkets or shops open to the public. Easy and intuitive operation, both for its electrical and manual modes. There is the possibility to switch to manual mode by disconnecting the battery and activating a lever to continue working, despite the battery running out.
