Descripción	Posicionador de Horquillas con Desplazador Lateral FEM2
Capacidad (kg)	2500kg
Dimensiones (mm)	1150X34

Características ampliadas

Fork positioner for forklift truck with included sideshift, 5000kg capacity (FEM3) and maximum fixed frame width 1150mm.

With this positioner you can easily and hydraulically position the forks, thus avoiding having to adjust the forks manually, and avoiding damage to the load and its operators.

It is especially useful for handling and handling pallets of different modalities (European, American, etc.).
