Características ampliadas

Electric lift table with 400V MOTOR for heavy loads up to 5000kg. Our product has a lifting height of up to 2630mm, and its platform is 2000mm wide x 3000mm long. It is ideal for lifting heavy and high volume loads.

CHARACTERISTICS

- Load capacity: 5000kg
- Minimum height (folded): 600mm
- Maximum lifting height: 2630mm
- Platform measurements (width x length): 2000x3000mm
- Three-phase electrical voltage, 400V, 50Hz and 16 Ah
- Weight: 1750kg
- IP54 rating
- Safety valve to prevent the table from falling in the event of a hydraulic line break.
- Aluminum safety frame that stops the descent of the table when encountering any obstacle.
- Mechanical safety bars for fixing during inspection and maintenance.
- CE marked.
