

## Hydraulic forklift bucket 200L

ref. M103040064

Hydraulic forklift bucket with a capacity of up to 200 liters.

Ideal for transporting all kinds of materials, such as; sand, debris or stones.

**2 975,00 € tax excluded**

### Características principales

|                                       |                |
|---------------------------------------|----------------|
| Peso (kg)                             | 205            |
| Dimensiones (mm) largo x ancho x alto | 1,38x1,06x0,57 |
| Litros                                | 200            |

### Características ampliadas

Hydraulic trolley hopper with 200 liters of volume capacity in water.

#### FEATURES

- 5mm thick steel saucepan.
- Hydraulic device for pouring 60°.
- A DE 40/70 hydraulic bottle integrated into the chassis for optimal protection.
- 110x12mm wear blade on the saucepan.
- Quick locking system for safety chains
- Wear skids under the fork covers.
- Double effect operation.
- Contains 2 hydraulic couplings.

#### MEASUREMENTS

- Capacity with heap (m2): 0.25
- Volume in water (L): 200Liters
- Length A (m): 1,38m
- Width B (m): 1,06m
- High C (m): 0.57m
- Empty Weight: 205kg
