Características ampliadas

Trolley of drums for wheelbarrow being very useful for tasks such as handling, transporting and emptying any drum, sheet metal, plastic, large, small, etc.

These implements are easy to use and safe since they have a turning system by means of a crank.

The drum can rotate up to 360 degrees. Very robust structure made of profiled steel, and consisting of a basic frame for inserting the nails of the truck. Handle and chain of subjection to assure a good tie to the nails of the truck.
