Características ampliadas

Scissor pallet truck with manual translation and electric lift with a loading capacity of 1500 Kg. Lifting to 800 mm. Forks 1170mm long and 540mm wide. Steering rudder equipped with return spring. Vulkollan wheels, being the rudder 180 x 50mm.

Equipped with a safety pump that interrupts when the load exceeds its maximum. Arrangement of self-lubricating bearings to prevent damage and improve maintenance by ensuring a longer product life. Includes battery charger.

Ideal for all types of jobs. It can be used as a work table lift avoiding load transfers.
