Descripción	Eléctrica
Capacidad (kg)	1.500
Elevación total (mm)	880
Altura plegada (mm)	105
Tiempo de elevación (seg.)	30
Motor (kw)	1.5
Dimensiones de la base largo x ancho (mm)	1.600 x 1.160

Características ampliadas

U-shaped extra-flat electric scissor lift table. Supports a maximum load of 1500 kg and rises to 880 mm.

Very useful lifting platform to better handle palletized loads. In addition, it can be loaded and unloaded through a pallet truck. An egg is not needed for its location and is very easy to transport.

It is a very safe and resistant table, since it is made of rectangular steel to ensure stability.

The lifting table works through a keypad (up and down). It incorporates a safety mushroom to stop the machine. It also has a security system for the table to stop in case there is any obstacle under the table.

It is powered at 380V.
